On April 29, 2000, Facility Services of the Clerk of the Board of Supervisors will have a Spring Rose Planting Event at the County Administration Center (CAC). We are inviting individuals, associations, group of friends, and families to participate in our "Adopt a Rose Planter Bed" Program. The program requires group volunteers to assist Facilities Services Gardeners to plant the roses on the event day, prune roses, weed, and cultivate rose bed once a month and cut back stem every February. The names of groups adopting rose beds will be memorialized in the corresponding planter beds.

Keep CAC Beautiful!
Plant a rose on April 29th

There are only 5 rose beds in the garden. Please contact Frank Ortega
